this shortage has stomped a gd hole is what used to be my almost perfect life, the life that i didnt want nor did i care to live it (for the first 12 34 of my 28 yrs)

in turn, this can lead to what is called a dry start in the spring

responding to the comment will only encourage bad behavior.

in a concomitant lipid lowering therapy, the dosage is administered with a statin or a fenofibrate in patients with primary or mixed hyperlipidemia
